RENASCENTUR

"The darkest shadows at times are lifted,
The clouds not always obscure the sun,
The hardest burden is sometime shifted,
The hardest toiling is sometime done."

DAN. O'CONNELL, in *Lyrics*.

Weep not for her who's dead,
Our Princess gets repose;
Kaiulani's life, though sped,
Takes with it all her woes.

Her broken heart is healed,
Her unreigned term is o'er;
Her future bliss is sealed,
She grieveth here no more.

Mourn rather for the doom
Of we who struggle on,
In doubt, and fear, and gloom,
Until our course is run.

We linger here, and grieve
As death dissolves each tie;
God grant we may achieve
Life with her by and by.

WAOALA.

My dear Cleghorn

I am so very sorry to see the sad news in the papers and do sympathise with you sincerely in the loss of your bright affectionate daughter and know what a terrible blank it will make to you.

It makes me think of the days of my mother's life and how pleased she always was whenever I was with her – we cannot tell why such trials & disappointments come but must try & believe it is directed by a kind hand and we can look forward to a day when we shall meet again in a happier world –

What changes there have been since we met.

Assuring you of our deepest sympathy

Allow me to write a few lines and extend to you my heart-felt sympathy. My heart goes out to you with a great sympathy in this your affliction the loss ~~of the~~ of your loving daughter Kaiulani. May God bless you and give strength and grace to bear it. My son Lieut. W. A. McJaggart called on you during their (volunteers) short stay at Honolulu he was very much pleased with the kind treatment

he received from you and your daughter he spoke very highly of you both.

He was killed in the afternoon on the fourth of May in Philippine Islands. It was very sad news for me I had hoped for his safe return home, to us again he was the idol of the family.

The Princess and Willie has gon on before. so we must be ready and waiting when the summons comes.

My dear Mr. Leghorn.
Thanks so much for your welcome letter I have been longing to hear from you about Dike & I can truly sympathise with you in her loss. for she was very beautiful and she has often told me that I was her great friend. You see can understand how much I feel her loss. So I can well imagine what your feelings are. Thank you also that she had very disease

I shall certainly read about it when I can get a Medical book. Yes thanks I got the papers you kindly sent me & I shall always keep them as they are the last I shall receive of my dear little poor girl I do[illegible] like to have seen her again. She was so bright and sweet. Many a time she has asked if I would go to Hawaii & I told her willingly if I had money. I would have done anything I possibly could. I can hardly realize she has gone. She was loved by many and will be missed by many more

you will see from my address that I am still living at the Barracks. My sister & we had a difference of opinion about several matters so we decided to take rooms here & are very comfortable although of course we have to be very saving as we have only £1. a week to live on so you see we can't go in for many luxuries. but as long as one is happy it does not matter so much but I long for money more & more every day. But although we shall live with my sister we always wish for her she was here with my brother-in-law

yesterday and your
letters will always be
forward to me when you
address them to the Bramacks
for we hope to go to Scotland
for the Christmas. My
Cousin Mary Doughty

next Month, we have
a Course for an invitation
to her wedding but neither
my sister nor I care
about to go. My cousin

married in about
three months after.
Rather quick work!!!
I heard from Lilian

a little time ago she

heard from one of the Sou
Fichs the eldest one is
to be married next month. So
every one of our old friends

cepting myself. The Sou Fichs
were so grieved to hear
about darling Mike
My dear Mr Stephens I
hope you will find time
to write me again soon
with love & all my
deepest sympathy.

P.S. I forgot to mention
that Lilian told me wrote
& asked me to give her
a letter of introduction

to you for a Mr. Leedoy
a great friend of theirs
who sails for Hawaii
one Saturday, which
I did. The Harmoney
of his store list is too
delicate to hand the
writers here do hopes
to get something to do
in the Islands. Will
it bother you to assist
him a little if possible
to get something to do
or at least give your
advice, as you have
lived such a long time
in the Islands —
If you have anything

Dear Mr Clagborn.

I have intended writing to you ever since hearing of your great sorrow, & feel I can no longer delay doing so. Words can never express the sympathy we feel in your heavy bereavement. Little did I dream when bidding dear Kainlani goodbye that it was

forever. It would be
much like to be
near enough to tell
you how my heart
goes out to you in this
hour of your great
affliction. It makes
us tremble when the
stern fact was brought
to us in such a forcible
manner. I think of
you always & hope
& pray that God in
his goodness will
grant you a bright
ray of hopeful though
all this burden of
sorrow & affliction
We thank you for
your kindness to
our daughter Helen
& I hope she has been
of some little comfort
to you. Hoping this
few lines will find
you feeling better

My dear Archie

With great sorrow. I read in the Haw. Gaz. just to hand, the announcement of the sudden death of Princess Kaiulani, your dearly beloved daughter and pride of the Hawaiian People.

This sad event fills me with grief.

The death of one so young and amiable is indeed a deplorable affliction to you and your relations, that words of condolence are but an adequate tribute to her memory.

Permit me dear friend to request, that my sympathy and condolence in this sad bereavement is sincerely shared by my wife and children.

Dear Mr Cleghorn

I take the liberty of sending you herewith the Illustrated Supplement of one of our N.Y papers which contains a slight tribute to the late Princess your daughter to which I hope will not be displeasing to you.

Having had the honour of meeting your daughter when in Washington I hope

you will not take it amiss if I express my feeling of sympathy & condolence in the loss you have sustained

However I must confess I have another object in view in writing to you. Without further preface I desire to say that your name being an uncommon one is not unfamiliar to me. I was brought up in Auckland & you many years was at the Kings School Parramatta New South

Wales. Shall a schoolmate
there of yours name & if
any memory serves me
aright be Henkes from
New Zealand. It would
be strange if it were &
should discover my
old school chum Alex.
Leighton but if so I
should delight to hear
from. I left the Kings
School I think in 1853
& there are very few of
any left if any class

If it should happen
that you are the same

Leighton please write &
me a receipt hereof
& anticipate a budget of
news from the old
& your former associates

If you are not, I trust
you will pardon this
intrusion upon your
privacy & believe
me Very faithfully yours

Dear Mr. Cleghorn -

We were all of us very shocked to learn of the death of your dear daughter, and Irish to convey my own (as well as that of my wife & daughter) deepest sympathy with you in the great loss you have sustained in the death of one so universally beloved, the Princess had endeared herself to us all, and we were looking forward to the time when you both might be paying the

Island another visit, or we coming
out to see you on one of our travels,
this then must help to comfort you
for your loss that all loved her.
not for her position but for the
sweetness of her character; men
& women may occupy high positions
yet not have that gentleness of
character & influence which calls
even those of lowly birth, and we
mourn with you the loss of one we
felt to be a true & worthy friend.

Death has been very busy
in our midst since you left, my
dear Wife lost her Mother 13 months ago
and in June last our dear friend
Dr Berry whom you met here fell down
dead as he was conducting the funeral
service of his late Doctor. So many
too in the Island have been called
away that we seem to be hearing each
day of first one and another family
who have been thrown into mourning.

We had a great shock on
Good Friday morning by hearing
of the wreck of the Stella one of the
L & S W R's boats on the Casquets. the
previous afternoon, it is impossible to
say how many lives were lost as there
was no list of passengers.

Our eldest daughter Edith
was married on the 9th Feb to a
Mr H B R Hayne of Sembridge Wells
they are living at Surbiton, at the time
of the wedding I was in bed with an
attack of Influenza, and Edith was
suffering from the same thing but had

to go through the ceremony & then back to her room, I am glad to say we are both well again.

Mrs Roberts had been very ill all last summer, but she is better now than she was but not as strong as we should like, when the weather takes up we hope to go away for a change & then I am hoping she will soon be herself again.

Mrs Benson has been very ill they are now in France and I hope the change will be beneficial to her.

Mrs Roberts unites with me in kindest regards to you & if you should be coming to England again shortly, we hope to have the pleasure of seeing you here. & with our deepest sympathy for you Dear Dear Mr Cleghorn

I have heard with great regret of the death of your daughter the Princess Kaiulani and my heartfelt sympathy goes out to you in this sad affliction. Dear Mr. Cleghorn.

The news of your Lad
loss came to me as a great
shock. for I did not know
that poor Kauilani had been
ill. Although I had neither
seen, nor heard from her for

so long. there being unfortunately a misunderstanding between us, now through the fault of others than ourselves. I know. yet I have never forgotten her. I was always very fond of her. it grieves me very much to feel that it is now out of my power to let her know that I was always her friend.

If you would be good enough to write to me later on & tell me a little about her. I should esteem it a great kindness, for I feel her loss very much.

Assuring you of my deep
Sympathy. & trusting that
you do not think unkindly
of me.

Believe me.

Yours Sincerely.

My dear Cousin

It is with with very deep regret, & heart felt sorrow that I have only just heard of the severe bereavement you have sustained in the loss of your much beloved daughter; words fail me to express all I feel for you, in this trial, I can only pray that He who has seen fit to call her away will give you His sustaining grace & comfort, which

which no earthly friend
can give, in these our
terrible trials in this world.
I have a very pleasing
picture of dear Faridani
before me, in the March number
number of a paper called the
'Graphic' which the Lady
who told me of the sad news
brought to me last evening
from the Mecan. Institute
to see the short account which
it gave of her illness & death,
I have to return it tomorrow,
as it was borrowed for me,
but I will try & buy one
if not too late, being two months
ago, she told me there was a
much better picture in another
paper of hers, but she could
not remember the name of it.
If it would not be asking
too much if you have a
spare 'photo' of her since she
has been in England
would you kindly send me
one, & I will prize it very
much indeed. This paper
speaks of the many friends which
she held in England who will
hear with regret of Your loss.
Dear Cousin
please accept my deep & loving
sympathy in Your trouble,
& hope your health will
not break down under it.

I should like to have a few lines from you, when you feel disposed to write, or think of leaving Honolulu; you are the only relative whom I correspond with now, & I feel an interest in your welfare, if I were in better circumstances & could make you comfortable I would ask you to come here for a little change, but under present circumstances I cannot do so. My husband is in very delicate health at present & for the past fortnight since the cold weather set in & being up in years, over 70, every bad attack makes him weaker & he takes very little nourishment. My own health is indifferent, now dear Cousin with kind love I am

My dear Cousin

I received your kind sad letter, also 2 newspapers & the beautiful photo of your late dear daughter, & I thank you sincerely for writing & sending them so soon, I prize it very much & never tire looking at her, & have bought a pretty frame for it, dear girl, I shall never see her in this world, but I trust I shall in a better one, & you also dear Cousin.

What a blessing it is that we have this hope of Heaven when all these earthly trials will be over, & we shall meet with the lovéd ones again, never to be parted; not lost, but gone before, waiting to welcome us home. I know from bitter escperience how hard the loss of lovéd ones, is to bear, & I can deeply sympathize with you, & are often in my thoughts; I hope in having many kind friends, & your business to attend to, that you will not be left much alone. I hope that you have quite recovered from your illness & able to be about again.

The news-papers were very interesting to read, though very sorrowful, & showed how greatly she was beloved by everyone & also honoured. I have lent them to several of my friends to read, & they were interested in them through knowing me, & the Photo. is very much admired. Such a beautiful expressive countenance, which one does not see very often.

The verses are very nicely composed, & I think expresses much feeling for her late disappointment. The Photo, is the same heading as the one in Graphic paper which I have.

I am glad to say that my husband is much better in health than when I wrote last, & able to keep about, though we are feeling the spring weather after a rather severe winter, we generally have an early & long hot Summer, we get very tired of it & always glad when over. I hope if you go to the States, that the change will do you much good, it will be a change of scene, & company, which may help to restore your spirits some what. My husband sends kind regards & I shall be pleased to have a few lines from you sometime, now with kind love I am

My dear Cousin

As it seems long since I heard from you, I feel anxious to hear how you are, for when you last wrote you had been ill, & was then in deep trouble through the great loss which you had suffered; a loss which cannot be replaced in this world; you don't know my heart ached for you when I thought & about you, so you need not

wonder that I feel anxious
to hear from, or of you.
I hope you have quite
recovered your health &
spirits as far as is possible
under the circumstances.
You thought of going to
the States for a change
in the Summer, did you
go? & if so I hope that
you received much benefit
both to body & mind.

I hope dear Cousin
that you were not displeased
with the few humble verses
verses which I sent in my
letter to you. I thought them
suitable to the loved one who had gone
from you.

I should have liked to have
sent you a porcelain wreath
under glass, but as I
had very little coming in
at the time & my husband
ill, I could not gratify
my wish to do so, & they are
expensive up here — I hope
you will take the will for
the deed at present.

I am glad to say that
my husband as fairly well
now considering his age
& the winter weather, though
he is quite past doing any
work now.

I had an attack
of influenza before Xmas

& I did not recover my strength
for a long time, I went to Melbourne
for a little change, 2 weeks,
but it did not do me much good
it settled in the weak part, my
throat & the air-tubes were choked
up, I had to go the Hospital where
& have an instrument used to relieve
it; I have been better since, but
the frosty & damp weather affects
it now & I have to be careful.
I have one boarder but I do not
do much with the shop as it is not
in a good part of the town, but the rents low.
With kind regards from my husband
& self. hoping this will find you well

"Most
blessed
for ever."

"Most Blessed for Ever."

THE prayer of many a day is all fulfilled,
Only by full fruition stayed and stilled:
You asked for blessing as your Father willed;
Now He hath answered,
"MOST BLESSED FOR EVER!"

Lost is the daily light of mutual smile,
You therefore sorrow now a little while,
But, floating down Life's dimmed and lonely aisle,
Comes the clear music,
"MOST BLESSED FOR EVER!"

From the great anthems of the crystal sea,
Through the far vistas of Eternity,
Grand echoes of the word peal on for thee,
Sweetest and fullest:
"MOST BLESSED FOR EVER!"

F. R. HAVERGAL.

Thy dear one is with Jesus now!
Seeing Him face to face,
Gazing upon His own beloved brow,
Watching His smile of grace;
Hearing the Master's Voice in all its sweetness,
Knowing Him now in all His own completeness;
With Jesus now, with Him for ever!
Never to leave Him,—grieve Him never!
Could GOD Himself give more? His will
Is best, though we are weeping still.

I was deeply touched by your kind thought of sending me your letter of June the 20th, & also the superb verses by which was expressed the universal sorrow.

My dear old friend,

It is hard to find words to express to you what I wish in the way of deepest sympathy. May God give you comfort: and nothing that He does is other than the doing of infinite wisdom and love.

As in 1893, when my dear boy was called to his Saviour's rest, so now that our dear "Little" Princess has been taken from us, I have the strong belief that God's knowledge of what is good for his children is what we must rely on with consolation. I can feel, my dear Blesborn, how your heart must be torn: but try to think how an innocent young soul has

Gone

gone home before having had long to fight the difficult and often dangerous battle of life.

What a thing it is to know that through our Saviour we may hope for the endless meeting again!

I saw Arundel this morning, and Warwick Hunt has been with me here this afternoon; both express their very deep sympathy with you.

I came to town last night for a final round of work in London, after being detained for some days at Southport by a bad cold. My wife is at Southport, and will be greatly grieved by the news which today's papers contain: a previous message (dated March 1st. from Honolulu) had mentioned dear Kaiulani's illness as being serious, and my wife was very fearful of what we might hear next.

I do not know what more to say than to repeat the wish with which I began, that God may give you comfort. Look to Him, my dear old friend; we may be doubtful of our right to do so, and our service of him is very poor and faulty: but there always stands our Saviour, saying "Come unto me, ye that are weary and heavy-laden", and "Whosoever cometh unto me I will in no-wise cast out".

It is not long since my dear old father was asking after Kaiulani: one cannot but wonder how soon those who have gone home will recognise eachother. My father did not live long enough to see a photograph of the font which my

my wife and I have placed in Ranfield Church in Derbyshire in memory of our boy. I will by next mail send you one of the country papers which gives a description of it, furnished I think by the Vicar.

I am sure that I may mention, with my own, my wife's very warm regard and deep sympathy.

Believe me, my dear old friend,

Yours sincerely,

Thomas Rain Walker.

My dear Mr. Cleghorn:

Allow me to express to you my sincere sorrow in learning of the death of your dear daughter and to tell you of my sympathy with you in your great grief.

It is indeed a sad ending to your fair hopes that she amid at the time became the Queen and the benefactress of her own people, and

her untimely death is
the pathetic ending of
a nations' life.

And yet, my dear friend,
you and remember with
your pride the many
noble qualities which she
gracefully exhibited in

brought sorrow and
disappointment to you
and to her. These are
royal graces which
are crowned in the

My heart turns fondly
to Honolulu, and never
more so than when I
learn of dear friends
passing to the realms
beyond, and whom I
shall not see again
on this side the veil.

And the dear old Church

is still in affliction.
I am hopeful that there
may be a solution of the
knotty problem in the resignation
of the Bishop and the appoint-
ment of a wise man
who will in the fear of God
build up the shattered walls
of Zion.
Some time I trust to be
in Honolulu and to have
a talk with you as of

Dear Mr Cleghorn,

Words fail me to express to you my deep & sincere sympathy in the terrible loss you have undergone -

On taking up my 'Standard' yesterday to my horror, I read the fatal news - & was, as you may imagine, unexpressibly shocked, as well as grieved. Often have I

wondered how the Princess & yourself fared, after your return - especially when I saw the U.S.C. had finally restored to annex the Kingdom - But I had no idea even the Princess was ill - or unwell.

I recall, however, in Cllentowe she looked delicate, & that you expressed anxiety about her - & friends told me she rather overexerted herself in the Battle of Flowers there -

My first thoughts were for you yesterday - as you must be worn out with anxiety & grief - I know how many

kind friends you have in Honolulu -
so I trust your health is cared for any how -
Also I do hope Mrs Worthouse is with you? -

After such a trial, perhaps you will like to leave the Island a while & travel to England to Mr Darcis? in case you do come - pray always let me know - I should always (if at home) be so very pleased to welcome you again & sympathise in your great sorrow -
But as I said before, words are weak indeed, to give any consolation at all - for grief, such as yours - there is none - save indeed, your great Kindness to her always - for no one could have been kinder
And so, once more - let me add my humble tribute of real sympathy - to all you must have received before - With kindest wishes. Yours very sincerely
G. Mawdsley Williams

Dear Mr. Clayton,

What can I say, what words can I use, to tell you of my deep sorrow & grief at the news that my dear little friend is no more. It is a terrible blow for you, after the years of separation for her good, that she should be taken

away from you so soon.
Do not grieve too much
dear Mr. Clayhorn; dear Kamilem
was a good girl, & she may
be taken away from troubles
& temptations which you
could not guard her from.
She had a very tender place
in my heart with her
passionate nature, yet
so lovable, & so easily guided
through affection. We were
all so fond of her & Winifred

was very much upset by
the news. She sends her
love & wishes me to say
how sorry she is for you.
Do let me hear, when
you can, what was the
cause of this illness &
what the doctors said.
She seemed so full of life,
& never suffered from
rheumatism in England.
What could have caused this
attack which must have

been most severe. You know dear Mr. Clephane how I loved her, & how I should be interested to hear anything you can tell me from the love I bore her. I can hardly realise it, & think I shall never see her again. Dear, dear Kamilani, so loving & true. With my loving sympathy to you dear Mr. Clephane

I remain

Yours ever sincerely

Hon. A. S. Cleghorn,

Honolulu,

Dear and honored friend.

I little thought when you wrote me that kind letter of sympathy and friendship just after the loss of my child; that so soon it would become my sad duty to say words of comfort to you - No! not comfort; No one can do that. Your grief is too deep - too sacred for human comfort. Only your loving Savior can speak peace, can give you rest. To His loving

mercy I commend you.
My tears and prayers are yours. My grief stricken heart feels for a bereft-parent; but too well I know that words are useless.
The news of your daughters death only reached me by this morning mail. I am schocked and overcomed.
I do not know why, but-ever since her mothers death, I have been interested in every thing pertaining your daughter & have followed her life and career with pleasure, as I would read of her brightness, talent and all the graces that make a brilliant and lovely lady, one I believe to have been a woman of unusual strength of character and of faithfulness to what she conceived to be her duty, possessed of so many noble traits, that gave such bright-promise for the future; I cannot but think, Why is this? The only one? in the bloom of manhood taken? God makes no mistakes. The heart of the Father is sore - Jesus feels for you - remember He wept for the loss of a friend.
My dear Sir, may God sustain you in this dreadful bereavement. Mother and daughter have met beyond the river. My friend, may you find steength in acquiescing in Divine will, and anticipating the blessed

reunion in the Heavenly Home, where you will find your scarcely budded flower blooming in blissful immortality. An added gem to bedeck the Coronet that surrounds the Savior's brow.

In sorrow,

My dear Sir.

I scarcely know how to thank you adequately for your great kindness in sending me that charming photograph of the dear & amiable Princess Kaiulani your daughter. It is really most good of you to have complied with my request in this way, and I can assure you that Mrs Atkinson and I both value the gift greatly — The papers and leaflets also reached me safely. The whole account of her

illness death and funeral
is most touching & beautiful.
One thing (in an earthly sense)
will always be a happy
memory to you in that
sorrow which I can well
believe, no lapse of time can
entirely assuage and that
is that the Princess Kinduan
was a good woman and
universally beloved and
respected by all who knew
her. The knowledge that she
can never again grace our
little Island with her
presence often causes us
a pang of sorrow. I am
afraid you would hardly

care to revisit Jersey without
her, but be assured that if
ever you cross to England
again it would give Mrs
Atkinson & myself great
pleasure to see you once more.
We might perhaps be living
in the North of England
then. With our kindest
regards. Believe me
Yours very sincerely

Dear Sir

While in the Islands, for 6 yrs I was the Dr for the government, in Kona. While there I had the honour of having Likelike & Kaulani now & again at our house. Kaulani a mere boy, now & then used to be on my knees & ask for stories. Both Mrs Baker myself loved the child & have followed her whereabouts ever since. Had she been our own child we could hardly have felt more grief for her death. It seemed, humanly speaking, that so much depended upon her life for the good of the people. Well we do not know all. We do believe we will meet again & know each other. More than once Likelike talked about such things. Pardon me for taking this liberty of writing to you, but it is all from aloha that is heartfelt. If you see Mr Mackenzie give them our aloha

Our thoughts are much with you in your sorrow. We do most sincerely mourn with you in the pre-mature ending of the bright life which was so very dear to you, and which all who knew felt drawn into the spell of its fascination.

more than that with us, for she was so closely connected to my dear Mother in the bonds of affection that I feel they are closely linked together in my mind - How Mother would have grieved old scenes are pictured in which the Princess was the centre of attraction.

Her warm heart, her kind generous ways, & the serious side of her character are all happy memories.

Instead of the earthly Kingdom, she is called to a better inheritance above.

We have read with interest the all too short notices in the newspapers -

My dear Sir

I have to thank very much for your kind yet sorrowful letter, which in some measure I can understand for the blow must be a heavy one.

It does seem strange that one who was so greatly beloved by all who knew her, should be taken away from those who so greatly attached to her — but Gods ways are not our ways

and

and he does all things well,
for he cannot err, for in him
we live, and move, and have
our being — I trust my dear
Sir that the taking away of
your loved one will be a blessing
to you, in leading you to himself
for he willeth that all men
should be saved, for it was
for that purpose that he sent
his Son (the Son of his love)
into this world to die for
the guilty it, "That whosoever
believeth in him should
not perish, but have eternal
life" so let me urge you
to accept him as your Saviour
for he died for your guilt
therefore do not neglect so

to great Salvation —

We are all much pleased with Mamie's Photo and have to thank you very much especially my daughter Marie, who prizes it greatly it is beautifully taken and gives a good idea of her person, and her disposition, which her features vividly discloses. may the Lord bless you & keep you and lead you to himself.

March 20. 1899.

My dear Sir

My Saturday's paper (Sunday) arrived yesterday, but. I did not open it until this morning & at once saw the dreadful telegram. I did not tell my wife until after breakfast, (when) but she asked me what ever was the matter with me, & when I told her burst out crying. It was not in the D.T." to me though it might not be true but alas the "Standard" confirmed our woe.

I dare say you do not know what she was to my wife, she came to Jersey when Sallie was

feeling came long & her bright young life, so beautiful, so pure, so clean & such dignity, was a charm to every one, but a type of beauty like my wife was in addition, a thing to be loved.

Before you came I per. a pro. of family interest in her, & our having been the means of introducing her to Jenny society was an additional bond.

During her last visit there came between us to some extent, but there was no jealousy in Sallies love for Kaimbani, she accepted the fact that such a creature must be adored & sought after. In our case it was not the fact of her being a Princess, or her romantic career but her own individual personality that endeared her to us.

It was the bright beautiful girl of nineteen we thought of, not the society lady.

When we parted on the boat Sallie said "I shall never see that beautiful girl again" & sure she spoke down, but I think her words would be fulfilled by Kaimbani being taken from this earth so soon.

When we were at Colombo in Dec. 1895 if we could have afforded it, we sh should have gone to Honolulu, all tho' at that time I believe you were in New York

How you must miss her! the world cannot tell but we having seen your private life, can, we both feel for you

& if words are a comfort at this time, please let my warm sympathy help you.

I am as you know what is called a Godly man, I have care of any sort, but I do know myself that in real sorrow, there is only comfort in "Rest in the Lord"

May you do this dear Mr. Clyburn is my earnest prayer.

We cannot understand God's ways. He does all things well perhaps dear sweet bereaved Kaulani has been spared a life of sorrow here & in her glorious beauty has only added to the perfect beauty which is only found in the presence of the "King" of Kings"

Yours affectly
E. H. Benson.

Mr. Clyburn Esq.

We have come here for a month's rest, hard work & anxiety.

San Francisco March 20th 1894.

My dear Mr Cleghorn

Your letter telling me of your very great affliction was received on the 17th inst. I had already heard the sad news verbally, for I inquired as soon as possible after the "China" came in, being anxious and fearful of unfavorable advices, for although I believed and hoped that the late alarming report in the newspapers was an exageration, I knew that the dear girl was seriously ill.

On every hand I hear expressions of sorrow and disappointment and of real sympathy for yourself, your family and the many friends of

the deceased Princess. You know that I was strongly attached to dear Kainlani, and much interested in her welfare and happiness. It is sad! sad indeed! to see such a promising young life cut off! She was the last of the young Alii of high rank. By good sense and tact added to intelligence and spotless character she had made so favorable an impression on all classes of people that I was hopeful that after all the severe disappointments of late years she was yet to enjoy many years of pleasant and useful life.

The disposition lately shown by people of influence to do her justice gave promise of securing adequate means for her proper support, and it must have been gratifying to her as well as to yourself.

During all her young life you were fond and proud of the dear child and lived largely for her sake. I wish that you were at the present time fully employed in business or something of importance occupying your time and thoughts to help you to bear and recover from the crushing blow. You are fortunate in having others more or less dependent upon you. Care for them with the healing influences of time will with God's blessing do more for your relief than anything that friends can say.

With sincere sympathy, I remain, in grief, Very truly yours.

It has been a long time since I saw you but I hope you will allow me to add to the many expressions of sympathy you must have received at this

Jane I have just

Dear Mr. Cleghorn, —

You have probably for-
gotten that such a one as I
exist, but hearing of your great
loss, I felt that I must write
you just a line to tell you
how greatly I sympathize with
you in your trouble. Though
I saw the Princess but such
a short time at Fregthorn,
still I shall always remem-
ber that time with great
pleasure. It seems so sad
that one so young, and with

everything in life to live for, should have been taken away, and sadder far for you, that you are left now without your constant companion. A year ago, when the Princess was in Boston I so much wished to go and call upon her, but was very ill at the time, and had no day when I was strong enough to make the effort. From time to time I would hear of her movements through Lady McClure — perhaps you will remember me as the American cousin who was staying with her while you were at Sfreghorn — but I think she did not know that she had been ill for so long.

There seems so little to say that would be of comfort to you, but I did wish to express the sadness I feel for you. I wonder if I shall ever meet you again? Now that Sfreghorn has passed temporarily into other hands it seems improbable. I wish it might be possible, however.

It is asking a great deal, I know, but should you have many photographs of the Princess, and one which you could spare to me, it would be such a pleasure to have some memento of her. With all sympathy, and hoping that your health may be spared to you, I remain,

Sincerely yours. Evelyn Boardman

My dear Mr. Cleghorn.

I cannot tell you how grieved I was to read in the papers last evening, the sad news brought up by the China. and I hasten to express my sorrow, and condolence with you in your great loss. The news by last steamer prepared me for bad tidings, but for all that I can scarcely realize that Bike is no more. and by her death I feel as if I had lost one of my own sisters. - I have been looking forward so much to seeing her in her Waikiki home - and my only regret, now she has left

us, is that I have not been able to come down to Honolulu ere this.
In a letter I received from Mary a few days ago, she was asking if I had heard from Mike, and they will all be grieved to hear of her death.
Excuse a short letter, I shall write again before I go to Clipperton.
May God give you strength to bear your grief.

My dear Leghorn

I have been thinking about you much of late & intending from day to day to write to you, & a few days ago I got the ~~Leader~~ paper with the account of the ceremonies at the funeral of poor little Rainham. I need hardly tell you how sincerely I sympathize

with you in your sorrow,
& how much both my wife
& myself feel for the sad
ending of her young life -
Of course, as you know, she
was quite a child when
I saw much of her at
Stonehurst; but we were
both much taken with her
charm, & the loveableness
of her character, on the
occasion when you brought
her to see us at Norwood,
& we have often & often
spoken of her since then,
& the photograph which she
sent my wife has had
a conspicuous place in the
drawing room ever since. It
is no wonder that those who
knew her intimately in late
years should so deeply
grieve for her loss - How
deep that grief must be
to you I can well imagine,
for I know she was the
apple of your eye; & all I
can do is to assure you
that our amongst your
many old friends share

it in Your Degree with
You, & will always think of
her with a sad & loving
memory - I remember on
the last occasion You came
to see us your telling me
that She had expressly
sent her love to us both -
Time only can dull the
edge of Your grief, but I
hope it is some Consolation
to you to feel that the
thoughts & sympathies of all
Your Mr. friends are with
You at this time - I much
feel the Kind thought which

Dear Sir/

Having noticed in the local press particulars of the death, at Hawaii, of the only daughter of the Hon. A. S. Cleghorn, I am very desirous to ascertain his address in the United States. The American Consul here very kindly wrote to Colonel Bell, the U.S. Consul-General at Sydney, but he could not supply the information.

he advised me to write to you as the most likely to know.

I have watched the career of the young lady for years, and felt deeply interested in her welfare, but was greatly shocked to hear of her sudden and early death.

I am anxious to convey to her father my very sincere regret at the bereavement he has suffered.

Should Mr. Clephorn be in Honolulu when this reaches you, would you kindly convey my message to him; but if not, you might be able to give me his address that I may write to him.

I regret the loss of time that will be caused by this method of procedure, but it cannot be helped.

From old letters I had in my possession, I believe he hailed from the State of Ohio.

Trusting you will be able to give me the required information, and thanking you in anticipation,

I am, dear Sir,

Faithfully yours,

Dear Sir:-

Allow me to extend to you my sincere sympathy in this hour of trial.

It seems impossible to believe that the gentle and gracious Princess is no more.

Little did I think the day I called - just before leaving my island home — and had such a pleasant visit with the Princess & Yourself - that I should see her no more.

Precious to me are the views I took of Ainahau that day, but far more so is the autograph so kindly written between those of her parents who wrote theirs just nineteen years before.

May the Heavenly Father send His "Angel of Patience" to sustain & comfort you.

Hawaii has indeed lost a precious stone from her diadem but Heaven is richer for her presence.

Truly it can be said of Princess Kaiulani,

"None knew her but to love her.
None saw her but to praise"

Very sincerely Yours,

When we first saw in the papers that Kainlani was very ill & not expected to recover we hoped the report was not correct, & waited anxiously for further news, which alas told us that she had passed away. Words cannot express our deep sorrow & sympathy with you in the heavy blow you have sustained, and we pray to God that he may give you Courage to bear it. We all loved her & Kinau she was much attached to us, especially to my dear wife.

I know from my own experience how lonely you will be & how utterly empty the world will now be to you. Tho it is just six months since my wife was taken away although we knew she would not get better for some months previously, we were heartbroken when the end came how much greater will the shock be to you, coming so suddenly. Our hearts go out to you, my dear friend,

Dear Mr. Cleghorn

I have read the Papers which you gave me (along with the Photograph of the Princess Kaiulani) and they have enabled me to enter more fully into your great sorrow and to realize how the death of your daughter must have come to you as the end of all your most cherished hopes —

I know that under such

circumstances it is hard to say
"Thy will be done" but as one
who desires to be a true friend
and as one who is grateful
to you for much kindness
received at your hands I
would counsel you to pray
daily for the grace of resignation
and to make prayer and the
meditative reading of scripture
a matter of primary business
every day.

As to the future I would
say leave Honolulu as soon
as you have done what you
can to secure all honour
to the memory of your Daughter.
It may be but little that you can
do but while there is anything
to be done I would remain in
the Islands - Then as to
the choice of a place to live in
let me respectfully urge that
you be guided by spiritual
considerations - Do not go
to any place where there is
not a living evangelical
Ministry - never mind about
Denomination - You need not
join the Church but be a
hearer - And when at times
you are despondent and brood
over the past try and remember
that "we can only be lifted
up by looking up" and that
when God brings to naught

our fondest aspirations it is that we may cease to build and allow Him to be both Architect & Builder. I think there is real comfort in being allowed to learn this lesson in our lifetime. Surely it is evidence of God's good purpose to be compelled as it were to begin life again and this time as a little child but with a man's knowledge of God's mastery and with a penitent's belief in His love.

I shall be very glad if I can do anything for you when I get back to London and assuring you that you can always command my respectful services

I remain, Your grateful friend

Dear Mr. Leghorn,

For once we had a fire place and chimney and all of us hung up our stockings as of old. Under mine was a large square packet which was the first object of attack, and then was unveiled from its wrappings before the eyes of the family the lovely picture of the Princess. I cannot tell you how much I thank you for it! Mrs. Dodge and I are both delighted and I think that nothing you may have given or that we have received

at this Christmas time, could be the source of greater pleasure. We want to thank you also for the words written upon the back, the dates and all else which show it to have arisen from individual thoughtfulness. I shall endorse it in such a way that it can be enjoyed by my many friends as I meet them, for carefully preserved.

By this time I judge you are back in Roswell or nearly there, whereas when we make our first move from this restful spot we shall plan to make it in the opposite direction for a while.

Am sorry if your plans were interrupted for accomplishing the same, and hope by this time you are quite restored.

We have been greatly pained & saddened, first at the reports of Her serious illness & now, of Her passing away. We shall always remember Her with the most friendly affection. Her sweet womanly nature, Her many rare accomplishments, Her beauty, & Her kind cordiality to us when we visited Honolulu a year ago, showed Her to be worthy of everything good in life & in Her untimely death we feel a personal sense of loss, & grieve with you. We shall cherish our mementos of the Princess, especially our photographs of Her, in one of which she & my wife are sitting together under the trees in your lovely island home.

Mrs Drake joins me in kindest sympathetic regards.

It was with the deepest sorrow I heard of the death of your beloved daughter Kaiulani. Would that the sympathy we all extend to you could lighten the burden which grief has laid upon your heart

Hon A. S. Cleghorn

My dear Sir

I hope I will not be considerd as obtrusive on the Sacredness of your great grief in your heavy bereavement, In offering my most sincere "Aloha ino" - at the sorrow that must be so hard to bear in the affliction that has befallen you, and to so many persons, who are scattered over the world

The sad news of the decease of The Princess came as a shock to those who had ever enjoyed even a slight acquaintance with

her. The engaging manner the buoyancy of her young life. her simple, yet well dressed and dignity of position - won hearts to her - and could not fail to excite a warm sympathy in her behalf for the past, and future.

Although my personal acquaintance was slight - yet the impression she made on the members of my family who had the pleasure of meeting her when she was here in Boston, will be always a Cherished Memory.

I have read and preserved every thing I have had in the Island Papers relative to the sad event. It was not difficult to place myself at "Sina Lao" 2/1 be an unseen yet most interested

participation in the tributes of affection to one who was so lovely in life, and must have been even in death beautiful - as the casket that had once held the - spotless soul - of one so beloved -

I cannot but think my dear Sir, that it is still possible for you to Credit me with a still living loyalty to "Ka Aliʻi" - of the land, that always will be so much to me, and I can assure you that it is as a "Kamaaina" not as a "Malihini" that I would offer this little tribute of a "lei Aloha" to Kainlani -

I have been favored from time with photographs of Kainlani - I have one as the young girl, side view, with her luxuriant hair. One with them deep, speaking eyes, with her hat - one, she was pleased to send me from England and also the one taken here in Boston.

I should esteem it a great favor if I could have one like the Cut in the "Gazette" when she stands at Ainahao: at her last as the Princess -

You may possibly remember you gave me one of your wife, her mother, when I was in Honolulu - How pleasant to recall your attention to my Selman and myself as you showed us over the house and grounds you had so beautifully prepared for her future home -

"She is not dead, the child of our affection,
But gone into that School
Where she no longer needs our poor protection,
But Christ himself doth rule"

I remain dear Sir very truly yours - "Me ke aloha"

My dear Sir.

Your letter of June 10: was duly receive and has lain on my desk within daily sight ever since

I have not been unmindfull of the obligation to acknowledge it, and the very fine photo of the Princess Which hangs on the wall in my library Which is largely Hawaiian in its fittings

A library of over one hundred
volumes on Hawaii - the
faces of Ma. Lii - that have
passed beyond - The Volcano
the Coast Scenery - the beautiful
foliage of tree and vine -
"A me na mea Kahiko -
make it a place where
I can still bring the past of
Hawaii - to be Companionable.
From there walls the Princess
will look out on some
not unfamiliar things - both
from the Photo you sent, and
the Lake. Every day one.

I like the Holoku one
it tells me more of Hawaii

The Hawaii of earlier days when
the Alii were kings - and Royalty was
honored. I fancy that in the
hearts of many an old Kamaaina
there is a response of sympathy with
you in your loneliness and bereavement
Those olden times - were happy times
When Na'lii and the haoles dwelt together
in peace and happiness - If the times are
now out of joint" Moves the pity

I think all will agree with you, that
whatever of Natural trouble - has come in the
recent years The Princess is fully exonerated
"from all blame" - Could She have come to the
throne in '93 - things would have been different
She was the suffering one, through no act of
hers - It must be of great comfort to
you dear Sir to know in what universal esteem
She was held in her own dear native land, in
England and in the United States - Her memory
will always be cherished as one of the fairest flowers
that bloomed in the Paradise of the Pacific -

I remain dear Sir

Dear Mr. Cleghorn

I have received the newspaper your letter and the photo of dear Kaulani. I need not tell you that the latter will be one of my most treasured possessions. I thank you very much indeed for sending it - I do not think any one can fully enter into your grief - but we can pray

do so, when we remember how very close was the bond between you. Incidents connected will ever come crowding into one's memory. I remember so well the first time she was heard of her class, how delighted she was and how anxious she was to telegraph the news to you - and it is pleasant to remember that - even in her early days so high was her sense of honour that - nothing roused her indignation so much as to find another guilty of a breach of it. You will never cease to mourn and miss her. but I trust - that time will soften the keenness of the blow, and you must remember the years are not so many when we may all look forward to meeting her again. I had not heard of Annie's death. How strange for the two to occur on the same day of the same month. I thank you again for the whole Ballet - Ine - Thank some

of her Johnn Younger, but
not one taken lately. Just
now. I think it so very
like her and admire
it as I have always done
her. In sympathy and
with kind regards

I am
Yours truly

Hon. A. Cleghorn
Honolulu H-I.

Dear Sir: I am reluctant to speak of a topic still full of tender sorrow to you, but I trust that the time, short as it is since your great bereavement has so far softened grief that you will not think it amiss in us to express to you our sorrow over the untimely death of the Princess. Both Mrs. Hitt and I felt a sharp pain when the bad news came, for we had learned to admire and love her - the gentle grace and dignity of every movement and word, the kindly consideration for every one, the charm of beauty and brightness and youth. Our grief cannot measure yours, as our loss is not like yours - so immeasurably deep,

but in warm sympathy we condole
with you as far as words can
and hope that time will do much
to diminish the anguish which fell
upon you at the death of your lovely
daughter.

Very Sincerely
Your friend

Dear Mrs. Clephane,

Ever since seeing the sad announcement of your daughter's death in the English papers I have wanted to write & tell you how sincerely I sympathize with you in your great bereavement. It has all been so unspeakably sad for you

that one cannot hope to say anything comforting, but I should like you to know that I have not forgotten you, & your kindness to me when in Honolulu, some years ago — I have since then never ceased to hope that things would eventually brighten for the Princess Kaiulani, in whom your whole life was centred. I am so sorry for you & I hope you will forgive my writing to tell you —

& believe me

Very Sincerely Yours

Mrs Holt

I must explain that I was Miss Townley of Vancouver — & you will not know who "Mrs Holt" is — This is a very bare little letter, but it carries a great deal of sympathy for you — you have had so many hard blows to bear before this most dreadful one came —

Dear Mr. Clephorn,

I cannot tell you how deeply me both sympathize with you in the death of the Princess. It is quite a blow to us; - what indeed must it be to you?!

I call to mind that happy afternoon when Mr. Davies so kindly gave us the pleasure of

meeting you both. Little did we
then contemplate that in so
few years the Princess, so young
& hopeful, as well as one
dear that would be called
away from this world to a
life of peace & rest.

The last few years must have
been full of trials to her - perhaps
they were too much for her, & have
been the cause of this early death.
Certainly she has, like all Hawaii
been cruelly used. Never was
there such a cowardly act perpetrated,
and as long as Liliu & shall
mourn for Hawaii.

I pray God that you may,
by the time this reaches you, have
got somewhat over the first
agonies of grief which you must
have felt. Her memory
will indeed be sweet to you,
as well as to all of us who
knew her, and the surroundings

of the life. How I wish I
could come to Honolulu and
have a look at you and all my
kind friends there. I have not forgotten,
nor shall I ever do so, the kindness
I received from the happy days I
spent in connection with Hawaii
& its dear People.
Give all my friends Aloha, please
give Liz my love..
Our united kind regards to you,

My dear Sir.

I have just heard from Lady Mc Elwes nice Miss Boardman, of the death of Princess Kaiulani's death. I could not refrain from troubling you with a letter to sympathize with you, along with many thousands I mourn Her. and feel sad for Her Majesty Queen Liliuokalani as Her Dearest and nearest have been taken away.

I saw much of Princess Kaiulani when Man Servant to Lady McClure, Colinton. And I received much kindness from Her Highness. when at Dreghorn Castle, how very sad Mrs Macfie would have been had she been living. Every one loved and admired Princess Kaiulani The lowest servant in the Castle always got a smile from "The Princess", I have Her signiture in my "Birthday Text Book". That Princess Kaiulani kindly wrote October 16 The Text along side it is "Have faith in God"

Teach me to live by faith.
Confirm my will to thine.
Let me victorious be in death.
And then in glory shine.

I remember thanking Princess Kaiulani for writing Her name in my book and Her Highness answered by saying "I like to write my name beside such beautiful words as these."

I have come to this bare country, partly for My health, now that I am very strong I am nursing in a Hospital here.

I was living at a farm north from here when Princess Kaiulani died. but never seeing a news paper I not; even knew of Her Highness's illness. We can all

be comforted when we know that She has gone to be with Her Lord whom She loved to serve and live for.

With much Sympathy for Her Majisty and your self.

I am your Humble Servant.

My dear Mr. Cleghorn:-

The sad news of Kaiulani's death has but just reached me and I feel deeply grieved. I read of her serious illness a short time ago, but I had prayed for her recovery.

I am going to take the liberty Mr. Cleghorn, of writing and offering you my profound and heartfelt sympathy in your bereavement. I realize that words sound hollow and mean thing for consolation, yet I wish you to know that our hearts go out to you in your sorrow.

Perhaps I should explain who I am. If you will kindly recollect, I called upon Kaiulani and took luncheon with her, when you and she were stopping

at the Albemarle in New York, a year ago last October. Miss Gardiner (now Mrs. Heydtmann) is my aunt. Mrs. Heydtmann will also be pained at the news as she was extremely fond of Kaiulani.

From the time my aunt went to your home I have been greatly interested in your daughter. And it was such a treat for me to meet her. I knew her but one day, yet she made me feel as though I had known her always. She had such a charming manner.

I shall never forget her. To have known Princess Kaiulani was to have known one of the dearest, sweetest characters I have ever met.

I have all the letters she

has written me and I shall treasure them carefully. She promised me a picture of herself when she returned home, but no doubt the dear girl forgot it.

I feel that perhaps it is not just the time to ask it, and yet you will understand it may be my only opportunity. Mr. Cleghorn, if you have one picture of Kauluii that you could spare I would prize it so much.

I trust that God who in his wisdom chose your loved one, may grant you courage to bear your burden, and to face the Future bravely.

My dear Mr. Cleghorn:-

Your kind letter also the lovely photograph of Princess Kaiulani received and I cannot tell you how much I appreciate and thank you for it.

The likeness is an excellent one I think, and it is admired by everyone. I have it framed and it hangs in my room where I can always see it. It is such an interesting face, that I never tire of looking at it and thinking of the noble soul behind it.

There is a lesson in her life and death. A beautiful example which we may well follow. I am proud indeed,

to have known her.

Mr. Cleghorn, I suppose we cannot fully realize her loss to you, but we do know that it must be very very great.

May the assurance that your friends share your sorrow be some comfort to you in your lonely hours. And may the lines of that little quotation give you courage.

"The darkest shadows at times are lifted
The clouds not always obscure the sun,
The hardest burden is sometime shifted,
The hardest toiling is sometime done."

Believe me to be

My dear Mr. Cleghorn

Only today did I learn of the death of your daughter, the Princess Kaiulani, through the Independent. I had known for quite a while of ill health, but had no idea she was dangerously sick.

I write no ordinary letter of condolence. As soon as I read the head lines of the paper, my whole heart went out to you, & I sympathize with you from the bottom of my heart. From the time I first met you at the Pacific Club, four years ago I have felt the deepest personal interest in all the Royal family of Hawaii, but more especially was I attracted to the lonely young daughter who wrote such beautiful letters to her father, & accepted the political situation with such a brave & dignified spirit. I took no souvenir of my visit to Honolulu which I prize so highly as the photograph of the Princess by yourself, with your autograph across the face of the photograph.

I shall always regret not having met her personally

& expressing to her my sympathy with her & her Royal Aunt in the matter of the most shameful way in which their rights were trampled upon by ~~these~~ DICKINSON, N. D. friends, under the protection of the American flag. I always associated Kaulani in my mind with my youngest daughter, Mary, of whom you have heard me speak. I have always felt as though I was acquainted with the Princess, having so often heard Bishop & Mrs. Willis speak of her, & always with the truest affection. Indeed, everyone loved her, & she will live in the memory of many loving friends, long after those who remember her shall be forgotten. Ah, God! The pure & royal soul has risen a Kingdom, where she will exercise a controlling influence over all that is good & loveable. Grant her, Lord, perpetual light, & eternal peace. Amen!

I know how lonely you feel. Oh, if it had only pleased God to let you keep your loving child to be her loving father's one bright star in a clouded sky! God comfort you, my dear Mr. Bleghorn; only He can do it.

Please, when you write to her Majesty Queen Liliuokalani, express to her my sincere sympathy. I wish I might hope to meet you some day in dear Honolulu.

Yours sincerely

The Hon. A. S. Cleghorn

My dear Mr. Cleghorn

day before yesterday I rec'd the photograph of your darling daughter; on some day I had quite a number of letters to write; my intention was to write you my acknowledgments, & am uncertain whether I did so; therefore I am going to send you a note of thanks. I presume you have rec'd my reply to y. very kind letter.

I was glad to get the photograph of the Princess. But it made my heart ache to look at that face. So full of character; every feature, especially the expression of the eyes, reflecting the firm, but gentle, loving true light shining within. It seems to me that the Princess always had rather a sad expression. But as I never had the pleasure of seeing her save in photographs, I cannot judge. But the dear child never had a warmer friend than myself. Not altogether based on my consciousness of the shameful way in which her & Queen Lilioukalani's rights were trampled upon by this Government (which ought to have been their protector); but every one spoke so lovingly of her, & her letters to her father, (some of which you read to me) quite won my heart. I do wish I might say some word of comfort. But I feel the impotency of words & can only assure you of my loving sympathy. I wish it could be arranged for me to live in Honolulu.

Yours sincerely & friend H. P. Lytton

Sunday night - 11 Oc.

My dear Sike

We arrived this morning and home by 6 O.C. We had a splendid run - only three days - too many passengers on board to be comfortable Steerage Cabin (171) only think of it - She is a splendid Steamer - but - if you come on her you will have to sleep in the cabin as there is hardly any room on deck - I do not - you will come on the "Kilauea" -

I called this morning on "Lydia" the Queen - Miss M.c Farlane - Two Gentlemen & Jagger - & the Club - & then had dinner & went to Waikiki to Sike Villa, the plants have been neglected all those fine plants

we got on board the Ship
Lydia has not looked after them
and the old woman is here I
will send her out in the morning
for London then Jet & the
Princess have been taken away
the last two days.
I have been down with Lydia
till Jul. 11th 11 P.M. having a
long talk about things in general
There is a very bad feeling in
town at present about the
"King" "Governor" & Prince all going
away at one time and all for
pleasure; the Prince left on Wednesday
& took about 40 fifty people
or more with him & a great many
of his friends, the Honolulu
people are talking from about it
& say he is afraid — & another name
and a good one, is that the people do
not like such a lot of Americans
& such. I think it is a great
mistake the way he has gone
round this Island, and all
his friends think the same — but
he is quite young & no one to give
him any advice, Major was a
fool — The Rev the King called
Jubilee al — "Vocalist" & that
time some two people to record
him — he also hear that he did
not let any one know that he
was coming that day.
John has not sent a note or
a word to Lydia since he left
that is ten days.
The Children came out today & then
was no one to look after them yesterday
they went back at 6 P.M.
Hanna Smithies — says she has
not been to Miss Jack — so then

I must be a lie Sweetheart - I do not see why you should leave here as soon as all at home are well and all are active for your return I will be on the look out for you on Saturday morning - do not disappoint - I do not know you do - you have been away too long as it is, not that you have neglected I hope to go with you, as I do not like this sort of life, you may - but I do not - excuse this scrawl as I am very tired and it is nearly 12 o'c - I have not to tell you - when you return - give my aloha nui to the Judge & all the family - and with many love to you I remain dear like you true & affectionate husband

A. Cleghorn

& excuse all mistakes -

My dear Libbie

I have received your
dear & looked for letters of the
13th & 17th inst, and the
two bottles of oranges - & the other
things you sent by the "Kilauea"
the people on board opened the
oranges & took half of them,
I am glad you are having a
good time, but I am very
anxious for you return, I am
so lonely - I do not think I
will part from you again -
I am not well & I am getting thin
every day I will be so glad when
Sunday comes for you will be back.
I have not had time to call on Mrs
Cooper, but will do so tomorrow Evening
I was at work in the Store till
nearly 10 o'c. last night "Saturday"

On Tuesday morning the "Oneida" arrived hobbies for you, and by her Mr & Mrs Harding & Mr Cavalli, they have been in Honolulu all the week and are so sorry that you are not here I brought them up to the House the day they arrived - but they have not been here since, till this morning I went on board to ask Mr & Mrs Harding to tea, but Mrs H was not well & Mr Cavalli, was the only one that would come, he has just left at half past nine, with Montgomery I wish you had returned by the last steamer to have seen them. I was on the look out for you before six o'clock, Mrs McByde & I went to the beach & were home by half past 12 o'c. I told the people to call me at 5 o'c. I did not like the ball much, If you had been there I might have had a good time

I am sorry you cannot get that piece of land from the Govmt. The King has nothing to do with his land at present, and if he would say yes it would be all right, for Harris told me so. Mr Atkinson is surprised that William has not returned to School, he expected him last Saturday, & then he would have been a week behind his time. You say you would like me to come & come up & return with you. dear Sike I would like to do so, but I cannot, the "Iron Jailor" goes on Tuesday morning & besides I have carpenters at work on the town House, and I must be there I would like much to be with you, more I think than you wish to be with me, or you would have been back on Saturday last.

Rec'd Ltr from Auckland

John & Sylvia Joby this Morning

My dear little Wife

I received your Note this morning & I am sorry you are not feeling quite well. I am better today than I was on Saturday, only when I am at the House it appears so lonely without you, I do not sleep well & I get up early in the morning. John & Frank, Sol into town by 10 O.C. I send your Draft & papers.

Mr Davis was in this morning to invite you & I to a dance at his house tomorrow evening, to meet the Officers. hurry home as you are sick in town. I have to go

Lodge. So I will not be
able to go until after 9 or 10
O.C. and I don't care much
about it as you are not here.
I do not quite understand
your letter about Kanyamna
do you mean Mrs H.
and if so why did you ask her
I think you are Cruel in that-
for I pity about her going about,
She should keep quiet at the
Bishops House till her affairs
are settled, but why do you
should not have requested her
to go with you, I think She
does not persuade you to take
him or anything, I think She
rather dislikes it, and likes seeing me to
take it with her, I cannot
get down to Waialua - but will
meet you at Waimanalo Early
on Friday - We will try and be there

before 12 O.C.
I do hope you have your
Shawl by this time -
If that man has stolen it it is too
bad He was a respectable
looking native and there
was another man with him.
I found by the Telegram
5 yds Damask + 1 doz
Napkins - John paid for
and Charges - & Lydia
must not blame me if they are
too common,
Give Lydia my love + remember

My dear Sister

I received your note of yesterday, and there was not any reason for your being so much annoyed as you are about the Shawl, and I feel it that morning so as you would have it soon as I knew you wanted it, I never thought a Native would do such a thing & James Dowsett says that it will be returned, as my aunt Rhoda Ladis say, you know they will talk, I only told you. & I did not think that would make so angry.

You get home to quick
then I can stay any part
of a year, for sending me
such a note as you did
yesterday, and I hope
by this time that you are
your self again,
I did not go to Davis dance
last evening, I expected you
would be home if I did -
We will see you on Friday
if I can not,
in haste - from

Kaupokiea Plantation
March 7th 1873.

My dear Archie.

We left Hilo for this place Saturday afternoon at 1 o'clock and arrived here before 5 o'clock P.M. I was happy to meet old Liggie, she has grown stout and she is quite pretty. She is coming down in the sept Mary Foster trip after this. She and Archuck are looking well & on very much pleased with their plantation and with everything I saw up here.

I am very sorry not to be able to go down to Honolulu in the Mary Foster with Mr Jones, for she does not

buck Kakena, so that Miss Hollister might land there. So we are going to wait for the old Kilauea and Mr Amos is going down there tomorrow. Such a row coming down myself. Awful home sick, seasick, and love sick. &c. &c.

Mr Schuck is sending you a keg of sugar by the Mary Foster, one for you, and one for Miss Dominis so there will be two kegs sent to your kind care.

Miss Hollister is enjoying herself very much, very agreable and jolly young lady. We are all having a jolly time of now. now.

We are going to stay with Miss Schuck a few days, and we all going back to Hilo to take the Steamer the road to Pakia's is muddy and disagreable, so we have concluded to take the Steamer from Hilo, and we are not going to Pakia's. they will not quite disappointed but we cannot help it.

I have written several letters to you but you have not answered one on yet. How is sister is she well or not I hope she is.

How are you getting on in business. I hope it does not come hard, as you of Mr Smithies. I feel sorry for you. I know missed you when I am here with you but I

do now. I lay awake and think of you very often.

Miss Hollister, Miss Hannah, Hopkins wish to be remembered to you and Louisa, Hoskins and Hannah Pake. and all enquiring friends. Remember me to.

My Smithies wife and family give my love to our children and everybody we love. I wish you could take Mrs Innes to dinner with you sometimes. He has been very kind to me & Fanny.

My dear dear love.

"Adieu".

Yours in love,

Likelike M. Cleghorn.

Sorry you have not been able to visit Darkus. but you have quite right not to go down the back way so back.

We have had today the heaviest rain that we have had for some years, I came down to see if any damage was done to our house, and found that there was a leak in the front room and the water had got into your piano and damaged the wood paper at the back of the piano. I will have one the tuners to examine the piano + clean it. It rained all day yesterday and today. but is now fine 11 o.c. at night.

Capt Coles has a grand Party on board his Ship tomorrow from 2 o.c. till 12 at night as also the King goes at 2 o.c. We have an invitation, I wish so but like how about 8 o.c. as you are not with us, I hear the Queen is going to have a Party on Saturday. + the King has a grand dinner on Thursday. So upset Joes. The Bishops had a large dinner party on Saturday last Eighteen down present. the King was there and Miss Batty Widemann + her Father, (is not that strange!

John left for Wailua on Saturday morning. and was to have returned today, but the rain has been so heavy that he could not come. Your Sister will remain at Wailua for three weeks or more, She is better than when you left,

I visited the Children yesterday for the first time since you left. and saw them. You know they have not been out in the

first Saturday.
I will be so glad to have you back the House is so lonely without you. I do not sleep one wink my dear Wife is dear me, and times are so dull and business so bad there is no pleasure anywhere.
I will keep the key of Sugar for your Sister like the Queen, and please give my kind thanks to Mr & Mrs Adcock for our key of Sugar. I am very glad to hear Mrs Adcock is looking so well and so happy. Give my love to her, remember me to Miss Hollister Hannah and all friends. You Brothers are well and all at the House.
You may not get this till you are abroad. I will be on the look out for you on Sunday Morning.

Mail - and She Sends her kindest
love to you, and desires to be
remembered to Mrs Babcock -

My dear Like

I received yours of the 30th
of Sept, and was glad to
hear you had such a pleasant
passage up, but - I am sorry
sorry to hear that the
people were disappointed for
the "Prince" & you. I think
Simon is to blame. for the
King, tells me he wrote Simon
that the Prince, would arrive
in "Kailua" at that date -
I hope you will not entertain
more any longer than is necessary
that is you do the people you
can but do not remain for
pleasure as I did but under-
stand that you and the Prince
Board for anything but to be

the Natives see you,
as long as you are
away in the front of
the country, I don't care
but I would not have them
you to go for pleasure
do not remain long at one
place - and try and let
the people know a few days
before you visit each place
and then be certain to get to
the place, on the day you
promise,
The King is going to leave for
the U S of America on the
15th of November - So John
told me last evening.
Lydia was kind enough to
take the Children out of
school yesterday, I only
saw them for a few minutes
as I had a great deal to attend
to

We have had a thunder
storm & very heavy rain
it has been very bad for
your Waikiki house
I have been down four
times this week the
carpenters have made some
mistakes, Widemann and
I down down this afternoon
I hope you will be better
decided at the other places
you visit, than you were
at "Kailua" - I hope the
King will put "Simon" out
of office I do not think
he is a true friend to
the "Kalakaua" family -
If you visit Hilo I hope
you will see Bowman - & Jung
Armitage, ask him how
he likes Hilo, all are well
at home except Hopukaa
She has a bad cough

I gave her some oil & whiskey this morning - I am afraid the cold during the storm we had,

I send you a letter I rec'd from the Islands on Saturday,

Give my love to the Prince & all friends there - I am sad, but do not sleep well, and tell me all your news, that is true, I cannot help it, Mrs Lemann & daughter return by this "Kilauea" he & Amelia John & Sydney & I walk'd out with the king & Queen, on tuesday, I did not go to the Prince party, I do not think of anything new - my dear.

My dear Mike

I received by the "Kilauea" your two letters dated 11th & 12th inst. and was much disappointed that you did not arrive at Coast Packets last Friday as by them all prepaid for the Prince & you - & the for Manua - had you not been to write for. I think you are making a great mistake in staying so much time - You should have been home in from 4 to 6 weeks time you cannot be here under from 5 to 6 you know

I told you from the first
God to guide you in all
any place - and be able to find the problem
on Guam, and then they
have made large preparations
for you, I think the Devil has managed
well - I do not think so
you might have been
all round Hawaii in the
time you been, going from
Kailua to Kau,
Since your letter dated 13th
you say the I cannot do
a single thing but what the
Nation Dies constrain my Actions &c
Now My dear what does that mean
I hope you have not done any
thing you are ashamed off;
all your letter of the 12th
is very strange to me and
did I not have sorry confidence
in you I would find very
unhappy
you say in the same letter,
Until I will back to you
When you return
I do by hand but my dear
I cannot always be near myself
to help me My dear I have
not neighbourhood myself yet, but
I pray if I have not anybody
to remind me of my duties,
Now What does all that
mean - you do not know
I felt when I read
your letter -
I am very sorry I gave
offence you to go on this trip

You know I am very lonely without you, and was sorry you back this week, now you cannot get back. and this strange letter write just as out, you say you are homesick if you was I think you would try and get home, and not be having such a good time,

I am glad that the Prince has left Mr S, and I think if he had pushed along you on place to another quickly, all would have been well, but this slow mopish and disappointing people is very bad, and so think a good many

pennies

I have just heard
that the King - " Waity by
this opportunity for you
all to return,
and as I said before
the people on Maui
will be much disapointed,
the " King " did not visit
as many places as he
should and you have all-
ready seen what he did,
the House goes on my
Slow, as time is to short
to look after the Hundred-work
and I will not Stop at
Waikiki, as it is just too
lonely for me,
I am sorry I
built that House, this year
when I commenced it
I should have waited
be how all the Trees

I send love as the
Saloon is off

My dear little Wife

I received yours dated the 21st inst yesterday, and as before I was disappointed that you were not further on your journey two of my letters you have not yet rec'd and it is not to be surprised at for no one here knew exactly where you would be the "King" and all of us expected you would have been in Hilo three 3 days sooner than you did.

I cannot tell you what you have been doing for my one here you have had plenty of time to go all around Hawaii & Maui, you must return this Kilauea you tell there have been you 5 days & you

told Jack / If you Father
is not coming back this
week, then you must have
him, I cannot Jenny work
in the way you have been
wasting your time.
I hope before this reaches you,
you will have rec'd the letter
I sent you a week
since and to which I can of course
I think it too bad you being away
so much - it has been bad for
you Dear Home as there is
none to look after the Cow,
the Carpenter work stop + the
Painters come before their time,
You cannot expect me to go
down there all alone at night
it is bad enough in town,
I have been down there this
afternoon + came in with
Sybil, Eve has found
all her things from the Franks
house at Loch Ike + the
Emmets house, Johnnie
Ash build a house in Jenny's
Jenny to Span the old
House, You say you heard
I had been sick if you did you
should have left all + come home
But I have not been very sick
only one day + night, and it
was not from dissipation as you
so kindly think,
I don't think you could find
Jenny husband that kept as
quiet as I do, considering
how much you are away from
home, and how much you
like to be away it is yet all
the time sitting round the house
or out riding or got Jenny in
town or some where,

the Minister of the Interior
gave a ball on Friday evening
the King & Queen & Crown Prince
were there, I went all alone
& brought back Frank Spencer
it was a very pleasant affair,
the "Seoul" band for Hawaii
with the exception of Nevers Capt-
ain was kind enough to
invite me, but I cannot
leave as it is so near the time
for the King & John to leave
for Washington,
I cannot get over the remark
in your letter of the 12th
when you say, I cannot do a
single thing but what the Natives
interest my actions, — I you
husband do not understand what
you can have done, I hope you
are old enough & take care
of yourself, you say it
is hard for you to keep your
self in order — if you are
that busy you should
have help, I am
sorry either to see you
have that strange letter of
yours explained — If you
are sad back on Saturday I
will get ill for I am
thinking about you, —
Schaefer has moved up the
valley to his own house — he
& Daly desire to be remembered
kindly to you,
the people here are all well,
I took that bad girl Nellie
out of prison, and now she
has run away again She left
Saturday "Saturday" and was
Sunday Night She is not here,
I will send a policeman
after her & keep her a month

in Prison,
I went on board the "Fout-
tha" Sunday to Church—
the only time I have been
to Church since you left,
you will see by the papers
that the "King" birth day
is to be a day of prayer,
that is by his order,
Cooper, Unite Sam about
Horses— how much to be
bot, I have paid out 70 ℔
Twenty dollars— for passage to
when you come to Guam + ab
to Kaiser, and any number
of Men will have come in
which I am wanting to show
you when you return,
A large bile again at God-H-Fire,
and Hops at J.F.W., that
you told me the foolish jaw
you

Lydia & John have had
a row about bills—
and I have reason to be
very angry too, I have
talked till I am tired
You must have been to thank on
board the Liliana,
I sympathized at Saipan by
and bye the Fortress,
and give them my aloha;
I hope Fortune will help
him all he can, as that
will help me,
I must close and will be
very glad when I have you

The "Kinderi" had a hard time
going out she got into a gale
of wind & lost one of her boats
& some other things. I started
to hear from "Capt Cousin" by

I visited the Queens Hospital
& then went up to Schaefers

John Mc. Broom light-Miss came
I may go & stop at-Waikiki
but did-before.
Sunday the children were out
and Hoopekau took care of
them. it rained very hard for
two hours in the afternoon
but-cleared up in time for the
band to play.
I am glad Spencer was so kind
to you and I will write him a
note-thanking him for his kindness.
Mrs Bishop said last evening
she did not think you would
remain long at-Kaaheloa that
it was such a lonely place-
perhaps you will be able to have your
House repaired, if there is rep
near- Ask Cooper to find out
the particulars of the size of
the piece of land, you gave for
Capt Cooks Monument-

as Stanley Coiles to make out the papers for the British Government—

Jem is to leave the Admiral's Ship I hear leaves about the end of the week for Hilo & other ports. but will not I think visit your place, the German Ship will leave about the end of the week for Valparaiso

I have not seen any of the officers— John & Lydia appear to be getting on well better than they have for a long time. Lydia talks her supper up stairs now & John told me the Band is to play this evening at the Makees— I have only made one call since you left— that was at the Makees & Spauldings—

"Waiehu."

Thursday. August. 1876.

My dear Archie

Here we are at Waiehu again, both Baby and myself are well. Baby behaved very well on board, she was not sea sick, or she did not fret either as she does some times she was a little binding the day we arrived, but towards noon she was herself again; and has continued so good ever since. Mrs Thomas and family are well. They speak of going down in the Steamer this week Mrs Widemann has a fine baby, healthy and

strong, she is as large as our ten months baby old. I am fretting about Samuel I have spoken to him to go down by the return Steamer, but he told me, the King told him to stay and go home when we do. I don't like it at all. I have good mind to send him & his wife or Kaahaaina & Alohikea home. I dont think I will stay more than a week. What do you think Kalauaia is ok here also. he came of his own accord, so there are six of them besides Baby and myself. He paid his own expenses. I hope I have not made you feel unhappy with all this affair. I know you are always good.

The Weidemann family are well, and s
our little party. Baby sends lots of love
kisses to you & the rest of her folks.

And love from

Your old woman.

My dear Archie

You will think I had entirely forgotten you and our darling Baby but it was not so I thought you would be on your way here before this Discovery will ever reach there before you leave. Oh! Archie I'm so homesick I do think of our Baby day and night.

Archie I have been very very ill. Three days out I was taken unwell but it was not only that it was a Miscarriage oh! I suffered so. It was worse than having a Baby

Mr Wilder call for a Dr and he came. and if it was not for him I don't know what I should have done. The Dr is a splendid man I think a great of him because he cured me. I wish you could not him, but I am afraid you wont meet him at all as he is going down in the City of Sydney but he will see our dear Baby for I have asked him to call and see our pretty Baby. And he promised to take some little powder for her poor little dear. I did not tell you how long I was sick on board well! all the way over, I had to be on my back all that time, and when we arrived he put me to bed a here I have been ever since I have only got up today for the first time. I am very weak

Many kisses for our darling and the same amount for yourself I must close or the few lines I have written may not reach. Love to Helen & Annie And all our Servants And Instance

With much love

My dear Sister

I received your welcome letter yesterday morning (Sunday) and was glad to hear you have all been and had such a pleasant time, I think Katy being a little sick might do her good. You did not mention how long you were going - or what time you landed.

I hope you thanked the Capt and Officers for all their kindness. But I do not know as any such thanks for running your cottage after any one - You might have called it after the Ship - anyway let it go as you have.

Hannah,

I was quite angry the other day when I found Jim had taken my Saddle, and I can see no good reason for taking my 50 ℔ Saddle for when Jim knew that riding on others make me sore, and I am so careful of that Saddle, I wish it packed up in a box & sent back - Some of Jim's beautiful crop could be riding it or letting it lay round - I gave Kalauaia a good scolding for not telling me before it went -

When I sent I meant Hannah I was most careful of it -

I went in the "Kilauea" quite a number of natives going to Honolulu - I told Nahi I would pay for the two fish & Samuel and Jim Kaluhi would pay for me,

The "Jenny" sailed on Saturday instead of today as she was to have done - So Jim would be disappointed at not hearing from me - But I have got this & shall be to go before and very freight - So I hope Jim will receive this by the 8th, There is nothing particular going on I find - Akiu away on Saturday and I am boarding at the Club - So with the Trial Drill, Braid & book &c &c I am having the House painted and the carpenters are at work on the Charlton Cottage - I hope Khan will order in two tons of Steam Coal to Smithie's, I sent down Saturday for an hour in

the afternoon.

My dear Husband

I have received your very kind and affectionate letters and I was delighted to here from you Baby is very well indeed she is quite smart. Mamie is very poorly she had a fainting fit the other day.

Mormons Funeral came off yesterday it was very sad &c I went with Mr & Mrs Dominies

The Military Force turned out in full dress. Mrs & Mr Bishop and the Governor were at the church, the church was crowded the Officials were out in full force also.

Nothing going on everything dull and stupid.

Mrs Bishop came for the baby last Wednesday she stayed there until night- then came home. I have not seen anybody.

Every thing seems to go on very nicely. At home. The bed room furniture has arrived but the man has not put them together. He promised to have every thing done by last Saturday but he has not fulfil it yet.

Mrs Dominis is very anxious to have baby and I go up with her, but I thought I would let you know before I went up, so I told her I would go up next week to be back by Sunday. So when you get back I will leave Baby with you. With aloha nui and kisses from Baby and

My dear Wife,

I continue my letter from Sunday morning, yesterday morning I went at 7 o'c & saw Baby - She had crept a good deal during the night - & I put on oil which they gave me, the woman talked very much about you going away and what you wanted to wander about so much -, She had a good deal to say about all your family last evening when I was there, and spoke in very strong language about the "King" being after the Hapa property -

I got away from there at 5 30 & went straight to the woman's - & found Baby looking quite lively - & washed her and combed her hair so that she went to

Sleep - Then Could learn to Cook
any dinner & Could to bed any
time - This Morning up before
daylight & had breakfasted
& packed - Then Could to the Baby
and the Boy took her Milk
Buns & Eggs - She did not wish
me to leave her but I had to
be in town by 7.0 as the Mail
Steamer was going at 8 - Which She
did - I think Baby has gone
Home today - and if She is not -
better will send for the doctor
When Baby talked about going
the journey told her you did
not come for her or you would
have come at - home;
Mrs Wilson is at - Waikiki & all
her Children are ill -

She is a little afraid of the

I should think it best for
you to return Sunday - but -

you not come as I said
Sunday Night in my Letter I

Lahaina. Oct" 25" "78"

My dear Archie,

You don't know how homesick I feel already. I would give anything to be at home just now. I have been thinking of Baby all day I wonder if she is well, I am quite anxious about her.

We had a splendid trip, the sea was smooth not a breath of air seems to stir the water, I was not sea sick

at all, the Steamer was an hour
head of her time, so of course John
was not on hand to receive his
wife, I think we were at home had
and a sleep before 3 o'clock A.M.
I find it very lonely here, our house
is some distance from Town so I
have not seen anything of Lahaina
Mrs Luton, Mrs Atwater, Mrs Kinney
and Mrs Davis has called on
me already and I intend to return
them tomorrow.
I dare say you are having a
lovely time at the Calico Ball while
I'm writing I think you are dancing
with Pattie, this is about 11 o'clock.
please compare the time.

It's very stupid up here no amusement
of any kind excepting croquet.
Write me and tell me all about
the Ball and gossip as well.
Dont forget to send some papers
New York Ledger and my Magazine
also. Expect me by week after
next.
I hear Mr Parker is going to
Honolulu this week, now let
him have the Horse and Buggy
during his stay in town, dont
fail to do it please. for they
have been very kind to us
so far. I am feeling very well
at present, although I have not
succeeded in going to bed early yet

How is Makue and all our
folkes be kind to them but
dont let them take advantages
of you for they are apt too.
You better make some calls
on all our good friends there.
You bettebet Kanakaole take care
of our new lot, that is let them
live there for I dont think Sister
likes them to live on premises
any longer, and they are good
servants, so you better build them
a hut, or let them rethatch
that house on the new lot.
Write and let me know about
our dancing school, try and make

the boys feel at home, the girls as well.

By the way we are invited out to dinner this afternoon at 4 o'clock to Judge Makalua's and will not return untill after the Steamer leaves for Honolulu. Sister expects Kio and Her Majesty there

As there is nothing to write about so I will close with aloha nui to you and Baby

My dear Sister

I received yours of the 25th inst, and am glad to hear you had such a fine trip up - and that you are quite well. I am sorry to say Baby is not well. She has a very bad cough I have been at home every evening & put her to bed, and remained with her I did not go to the Ball on Friday evening on her a/c as I did not like to leave her. This morning the Doctor visited her and she has kept her room to night. I have just returned from there. She was

ashore when I left—
She coughs very few minutes
the journey is easy ab- you
going - and she told me to be
down and take you to come home
on Sunday - you can do as you
please - I have told you what-
she wished me to write you
but - I do not - wish you to
return & post, about - it - afterwards,
but - write on this subject - I may
say - (and a fact - I say think
as I do) that there is quite
too much going about on the
part of the Royal Family - they
make themselves quite too common
there is little or no mark of respect
shown them - Was it - ever so before
under any of the Kings of Hawaii's
another thing it is quite a tax on
some of the people you visit -
I am told on good authority
that - Kekuanaoa had become

money & food which was
a serious tax - & inconvenience -
it is very kind of them, but - they
cannot - afford to keep you for weeks
at - one time -
The King is becoming more unpopular
every day - you have heard
perhaps of his new trying to get a
share of the Kingdom property
as if the poor wife & other
relations could not - decide it
without - him -
The Kamehamehas are friends
Lunalilo are loved - and
Kalakaua is written against
bowed - you should not have
gone on board at Lahaina to see
him, it - was his place to have
called on his sisters - it is nothing for
a man to go in those boats - but -
for ladies (and in the dark) is
quite another affair - I must write
home this afternoon and have
seen Parker at the Hotel, so

I left the Horse & Buggy
with him, and told him to
keep it as long as he is here
and I told an express to come
home - So should you return on
Sunday come out in an express -
the Cabin Ball - I am told passed
off very well, Miss Herbert was
escorted to it by Mr Wm Herbert
for getting drunk to Gabions -
We had from Richmond
last evening about twenty
cases, I was very tired and
the only way to keep up was to
dance - So I danced five times
10 minutes past 12 O.C. P.M. - then
I found a horse in the place -
so did not get about till near 10 O.C
other nights I have retired at 8 O.C.
The dancing ball have to be finished
on the Kings birth day - I have
much to say on the subject, but

Waiohinu. June "7." "79."

My dear Husband,

We reached here yesterday morning at 10 o'clock. We surprised the Martins very much for they did not expect us until the latter part of next week, as there is a boy going ~~going~~ to Kona so I thought I would send you a few lines to let you know that we are all well excepting Kapuna who caught cold on board of the Steamer, but nothing alarming.

When you next write, direct your letter to Kailua as we expect to be there a whole week, and will go down in the Steamer, so besure and tell Mr Brack to send our letters overland when he gets to Kawaihae.

I would have written a little longer letter this week but we were so busy packing, therefore had no time.

Baby for the first time enquired after you today and she wanted to know where you were, and when she could see you. I told her that we would see you in two weeks, she was delighted.

Nothing of any importance, excepting Mr Turner came to me to head their subscription list for their Horse Race to come off on the 4 of next month. I could not get off as I consented.

We shall start for Kahuku Monday afternoon, spending the night there, proceeding the next morning for Nahimu's stay there that night, going thence next morning for Naalehu, to stop there some time a day or two.

As I am hurried I must close with aloha nui from Baby and myself.

My dear Husband

We are spending the night at Kahuinui we arrived here little after 3 o'clock this afternoon. We left Waiohinu Monday afternoon for C. W. C. Jones who received us very kindly as did Mrs Jones. Kapena was taken sick at Jones's therefore we left him there where he could be taken care off, and the rest of the Party came on. We slept at Kilikiliki last night, had lunch at Kuaimoku, and left there very soon after for this place.

Baby has just gone to sleep after great deal of trouble, she had one of those cross fits she used to have she gave me unusual trouble.

I was not very well in Waiohinu so I could not see the people there. I just had time to visit the Mill at Naalehu, & boat-man we came over to Ponoe. I have still a very bad throat, it is quite sore. Baby is very well so is the rest of the party.
I'm going to sleep at our house in Kaawaloa tomorrow night, then from there to the Governess the next day where I purpose leaving Baby with the Governess then I'm coming back to meet Kahuna either here or at Kau, because he came up on my account so it would be too bad if I left him all alone, it all depends on the Governess though, she many not consent to my coming back on account of the distance, but I think nothing of it now.
As you are very anxious to have me come home so you must be good to me, if you are incline to be cross to me I shall pack and go, and I rather think I will stay up here altogether.
Be sure and come for me Sunday week.
As there is news so I must close with many kisses from

My dear Sike,

I received your two letters on Sunday morning, and am very glad to hear you are well. I have had lots of trouble since Thursday morning, our dear child has taken very ill, but I am delighted to say, she is now out of danger, unless she has a relapse, and I am hopeful she will not, for she has the best of care, I will now give you all the particulars as near as I can, on Wednesday morning when I left home she appeared as well as ever the child, in the evening when I got home at - for past 5 she had a little cold and cough, but the Miss Dams & I thought it was a common cold

such as a great many children have just now in Honolulu.
I went in the room of Mr Barlow when the Physician was in, I don't know at 9 oc Baby was asleep, Miss Barnes did not say anything - so I went to bed, Thursday morning, Baby was up and when she came out of her room - I saw she had a bad cold and said to Miss Barnes, she had better send for Dr McKibbin, Baby heard me, and said O papa I do not want Dr McKibbin send Dr Emerson - and so please me, not that there was anything serious, I said yes, so Miss Barnes - came in at 10 oc and took Dr Emerson out, he returned just after 11 oc & called at the store, I was out, and he left word he wanted to see me, I went up at once to his house, and he was there, he told me Baby was very ill with Bronchitis & Lung fever, I took an hospital and went home, and found her very changed since I saw her left in the morning, Rosy, was there and I said shall I send for Emerson and again for Dr McK, and he decided as Mr Kibbin had attended Baby before, I sent for him Rosy jumped into the carriage & went for Mr Kibbin, he was out in 45 minutes, he looked at the child and ordered Mustard on her chest & hot flannels, and to keep them on, he then took me in the veranda. & told me Baby was dangerously ill, and wanted another Doctor at once, I said do every thing that can be done get as many doctors as you wish, it was for such a time, you cannot think, Miss Barnes, Rosy, & I and the others, We put Mustard & hot Cloths on her chest & kept on

ad-it the poor little Thing Mamma
with pain - and Mr Robertson had
to run to Make Medicine & also
for Dr Hutchinson -
They both came out, and remained
till 9 O.C. by the time the Guns had
ceased, that Kaiulani, Was Very ill
and they Joseph came,
When the Doctors Said She was
dangerously ill I sent Word to the
King, & Governors -
Sorry they Could not That could be
I soon left her till last Sunday
Morning at 3 am When I sent in
expecting to send for me, I just
got to the Wharf, and called out
to know if Jim Boyd on board and
they said no, So I Was home
at 4, Baby soon after said
Mama Will be here Soon -
I said My dear Mama is not coming
till Next Week, She is getting Things
for your birth day, that appeased
to Satisfy her, She Kept talking

of her birth day,
Rosy has been of the greatest
Value to me in helping Miss Baum,
Within Rosy or Miss Baum, have
been by her Side Since Thursday,
they took about 6 hours Watch Each
one of them bring the Maid, and
Ellen & Kapoli being With them
and me Second - So as there
We Not More than 3 in the
room at one time,
None of us Went to bed for 3 Nights
and Last Night is the only One I
have Slept on an Hour
on Saturday Morning the Doctors
pronounced her Much better, and Out
Care out of Danger -
She has had What they call
Acute Bronchitis, & Lung Fever,
a Certain Fatal Kind. if Not Checked

in a day for hours — "
The King — kept the Sabra — and
if Baby had not been better in
Saturday morning, She was to have
been sent at once for you,
and when she found you were not
in the Likelike, then she sent
for Doctor McGibbon & asked if
there was any danger now, he said
no, if there was no relapse,
yesterday "Monday" She was so much better
that I came into town, & got
home at 4 o.c. so as to be here before
she got to Ship —
The King & Queen have hired the
Hop cottage for 5 nights — & the
grounds — for two years —
No one is allowed in the room
with Baby, for more than a
few minutes except the nurses —
Mrs Allen has sent — Annie Jolly
every day, the grounds. Birds
for pets, fish for the pond

Saturday, the day the Doctor
said She might have been,
But Thursday & Friday when
She was so ill, Milk was
the only thing She could for, and
having good fresh milk at
hand has helped us much,
You must now keep quiet till
you get home, Baby & Just

not refer to either him or you,

disgracefully, and they can prove
it, if required, McKanlike

My dear Archie

This is Monday and the Steamer C. R. Bishop leaves for Kauai this evening so I thought I would write a few lines to let you know that we are all well. Friday and Saturday were two rainy

days, the carpenters came but not the two painters from Honolulu. They all came bright and early this morning, and one black carpenter besides.

I have just got your letter now and was very sorry to hear you were not to the skin and all your things but I hope you will get to McBryde without rain.

Last Saturday I went to the King's lunch-party, given by him to the Japanese Princes, The King & Queen, Whitney, Pickus and wife and myself were of the party. Gov. and Lydia were invited but did not come. John is not very well. I have just read your letter to Baby and kissed her

for you; she was
very much pleased
So far we are all well
and everything
seems to go on
alright. I will
come down Saturday
morning for you.
I don't like James
the manner he gave the
letter for me.
With much love from Baby
myself. Your dear little wife Lizzie

My dear Ike,

I received yours of the 22nd and am sorry to hear you have been so ill, and do hope before this you are quite well, I am sure glad to hear such good report of baby, and the Doctor is quite curious he would have us come for another three weeks I must he say it will do her so much good, he did not know the Annals would agree with her, but now he knows he

I say it is better than to stay
in San Francisco -
So if you are here, and not
over anxious to return, I think
it would be best to remain
over her birth day - The Hawk
Mail has gone to San Francisco
and Honolulu - & not to stay
for a month, so if we had
a party, it would be quite
without the Hawk, and then
we can keep your birth day
on the 13 January, I saw
the King last evening, and told
him, we had been ill & that
Baby was very ill, and he
thought it would be best for
you all that is you and Baby
to remain a few weeks longer,
provided you are better,
Some of the Days might
when it would be as long
the Doctor to send to take
care of us any,

same package is a Waterproof
cape for Helen, which she
wrote for, and Miss Dawes

Two papers – all of which
I hope you will receive,
I also send a draft for you
for to pay for your salary,
as you will be due at the
end of the month, and I

Saturday 22-83

My dear Archie

You do not deserve to have any letter from me as you were so cross the day we came away - You always blame me in everything and am getting tired of it. I will have to kill myself then you will be happy, and you wont have me to growle at all the time. I think we are better separated.

I'm going to board Kaiulani, Miss Barnes and Molly up at Davies for four days for it is very warm down here in the beach. And I may have to send Rosie to Dr. Bakers to board for four days also. The Ward family came up to Mrs. Roy's so they could not take us. I would like to stay here two or three weeks longer if I was alone but having Baby and Miss Barnes with me I cannot very well do so.

Please to send me a small saw and a carpenter hammer; one double mattress one single mattress. The the-broom has not come, everything else has come the-demijohns came without water, and you may imagine my anger, please send the looking glass also. Baby wish me to say that she is well and she seems to enjoy bathing and found bathing. Rosie is not very well, I never expect me by the next trip of the-Kaulani. Molly is very well and Miss Barnes does not seem

very bright.

I hired Jas Smith to put up a Lanai in front of the house for it is very warm; it nearly kill me today it was so warm, perhaps in a day or so he will fix the back lanai as he has fix it also a fashion it has taken nearly all the board you sent for the side of the back lanai.

Please send two or three Pai ai, or perhaps it would be better in the Poi tub as I'm going to send it to Ane to fill it and then send it

Honolulu Aug 28/83

My Dear Sister

I received your
letter of the 22nd inst, and
was pleased to hear you are all
well, I did not fill the
pumpkins as there is plenty water
in the streams, and you should
have seen them when I took
from the tank, anyway the
time just I write to day. I send
you Sam. Hamm, and 2
Watermelons, and Ice, I have had
lots of trouble about Ice. a Wilder
machine is out of order, and there
is a great demand for Ice, Star
Hall and Com are in town and

and the Ansons this Week landed them on the Long beach. I hope the flags Dan and Lizzie I had the tub back Wednesday only got two letters that Morning, so I do not know where it could have been, and Jay letter from Pensacola - only came to hand today,

They are all well but Eve. Dan quite ill Saturday and all last Week for fear Will, Tom is a great deal of Visitors about, Dr Jones has been ill - Dr Hotchkiss has been very poorly. So I asked him down to our house, and he came Sunday and is still with us, I want him to remain till Monday, as he is improving - he is in Jay room, and Jimmy in the Mays Cottage - I did not like to put him in Jim house, as Jim will not have, I had Captain Eben & Dan Hutzler at lunch on Sunday they are both anxious to see Jim but the Pensacola will be in before Jim arrive -

The King gave a Dinner for them Yesterday - I was not invited but the Lords were at - part 2 of by Person going for them, and from what I hear the King does enjoy Visits for not having Jim Tom on Saturday or Sunday - on Saturday Morning our dog Rupert was found dead shot by the Church, Poisoned, Robbins came home at 12 oclock that night and the dog was alright for he saw the dog Monday last and fate with 2 other dogs

I had the other blanket as
soon dried – I am very sorry
about it,
Your Army has been the best
friend you left – how lazy it looks
I think you the hard loads
and perhaps going fast – She
has not been used since you
last drove her –
I am quite surprised at
that part of your letter where
you say I do not love you
the only trouble is I love you
so much – and you appear
not to love me – if I was not
so fond of you I would not
feel so much, when you are
away from home – and you
do not think it worth your
while to tell me where you
are going – and when you will

be home - but I do not like
you to write about killing yourself
and then I would be happy -
for you know that is not true,
I am as fond of you as any
husband is of his wife, and do
all I can to make you happy -
but you know we both have tempers,
and you do not even try to keep
yours under - I do, but sometimes
cannot. Now let us try and live
like a fond wife and husband,
I will do all I can.
I send you papers in the
same package with the Saw +
Hammer, We are having very
warm days - and how hot at night

the Steamer has not arrived
from Auckland, She may
have broken down,
Our Home Bay apples are
ripe, but as We have no
Carriage I cant get the Open buggy
to use one of the Horses are

Dearest Like,

I hope you arrived safe in San Francisco, and that you have been quite well since you left home, We are all well & left Myself - and I have headaches & pains in my side - nearly every day - Today I went to consult Doctor Trousseau, - Kaiulani is quite well, She has not taken to Hula - as the Wiaitha in Honolulu has been forbid - Mr & Mrs Parker have been at Kaiwiha. ever since Mrs Parker went up... and I wrote by the first mail after you left to Mrs Parker - and told her Kaiulani, was ugly, and

I would send him, with
Rehu Kahukai & Willy
just as soon as the under
me they were ready for him,
Low and his uncle came
down last Saturday - and
I was called on Sunday - and
told the Inspector had received
my note, and the Governor wished for
Kaintaun as soon as the weather was
fine - Low is still in town.
The morning after you left
Low Kimmon came up. and
I had the sill taken down
and it look done,
on Monday the 21st I went to
the Palace and had breakfast - with
the King, a very grand affair
for the Capt & officers of the
French Ships of War, did not
leave till 2 P.M.

That Sunday night the
had the heaviest rain I
have ever seen at Waikiki
at 3 am I was called, and
the water was near the floor
of the Grass House, and I
called on the Chinaman - and
we cleared the bridge - In the
morning the water was all over
our lot the sand from the road
& from Grass House, was all
washed down near the fish pond.
You will see by the papers how
it was in Nuuanu Stream -
more water than they have had
for 20 years,
The sand has been piled at
the back of us and I had to
pay for you 3575 # of sand
and Mrs Bishop purchased the
other lot, Mauka for 5100 #

I should have got on lot for a little over 2000 to but for Mary Wilson - I do not know if he should, if for pure Lidia or not - Lydia promised me she would not bid - and Mr Bishop and Mr Cartwright did not bid on the lot I purchased, I have not seen Lydia, since the auction -

I have purchased a sail for - Mr Forbes piano - 375 for wanted a piano - and would not get as good a one for the money - It was placed in our House this morning -

I hope you are having a good time and that you will come back in good health and good temper, and I do hope you

are not spending any money except for your Hotel bill & traveling, do not go to any shops - Honolulu is very dear and this bill be one of the hardest yrs, that has been on these Islands, Mr Bishop Cartwright bill has 355 - for Land and pew - for 1235 and Piano - 375 - and then what you spend in California which I hope will not be over 500 - I do not expect to hear from you till the "Mariposa" returns - and should you be ill and improper and Mr Bishop not coming back, you can remain with him - but Mr Bishop tells me he expects his wife this trip, Joseph, has promised to deliver the letter & papers - I trust you are the Honolulu

Newspapers, and you will see all about the Opening of the Legislature, I drive in the State carriage with Lydia the King John & the Chamberlain walked - the Hall was packed full,

We have been very quiet at Home since you left - Sunday last we had many visitors Mr & Mrs Schaefer, Judge Widemann - Sam Austin - Jno Bickley. Mr & Mrs Gibson Jno Giffin & daughter - We all went to Church in the morning - I have been at Church every Sunday since you left - Dr Rooke & Mrs Rooke.

I hope you will come back more Satisfied. With your home and in a good temper

In Taste, Will give you all the little News - Yesterday I sent at 206 & Subpœnas to bring the 5th Jury of this Division and we had quite a little Court, about twenty in all Came at 506,

Kaiulani, is improving than She has been, She has gained 1 lb since you left -

Mr Bishop told me the boat was back when Mr Bishop came I think it had changed before you landed -

Give my Love to Mrs Bishop and my kind regards to Mrs Bickley & Emma & Jennie & Mrs Jones & all who have been kind to you, Mrs

My darling Kaulani

I received your kind letter on Saturday, and was so glad to hear you are quite well, and I hope you will continue well, and I also hope you will be good and come back quite strong. Mama returned last Sunday and is very well, and I think will visit you today. I send a box of candy for you dear Dolly, and a box for Miss Sumner, and ribbon from Mama to Stacy for you to take with your oil, I hope you will put me on the list. I send you a letter from Miss Burns

Sister, I was inside a
letter for Mamma - and that
is the reason you did not get
a letter - you should write
a little to Carrie Barnes -
and tell her where you
are and what you are doing
and I will send it for you
to Gulbourne.
I hope you will get on
with your lessons - and make
progress,
You can remain on the
4th of July if you wish, provided
you keep quite well, take care
and don't get cold
We are all well, and Roy
and his family were down Sunday
and spent the day -
and Mamma is going to have
friends out to see her on Thursday.
Give Dayton & Jim Parker
and his family - and
be good and do your
work truly,
And for what you want -
does Willy want a bicycle -
I have been so busy
that I had to write -
With so many kisses and
much love from
your fond + affectionate father

My darling Kaiulani,

I received your letter of the 22nd inst, but am so disappointed at your not coming home, I am quite afraid, do you not wish to see Papa? you have been gone now three (3) months - Aunt Bonnie, is very anxious you should come home. If I had thought Mama would not bring you home at once when she went for you, I would have gone, you should have been home a month ago, now if you do not come at once I will be quite angry

Mama is better, but she
not sure, Jim Darby
is no better, and Will not
like this work.
Jim Emma is much
better,
I am not very well and
you should have been here
to help me,
Nothing would have kept
you. I hope Emma is
well soon, Joy Joy Alice
and Robertson, Love
you all lots.
Good bye Dear child
